PARTS WARRANTY

If the failure of a remanufactured engine should occur during the warranty period and it is determined that the failure is due to a defect in materials or workmanship, United will, at its option, repair or replace the engine.

LABOR REIMBURSEMENT

There is no labor reimbursement on short block assemblies. There is also no labor coverage on long block assemblies unless optional warranty coverage has been purchased. If failure of a remanufactured long block assembly which was purchased with the optional labor warranty should occur during warranty period, and it is determined that the failure is due to a defect in materials or workmanship, United will reimburse the original customer for authorized repairs. These repairs will be set according to prevailing labor rate not to exceed \$25.00 per hour, and time will be based on Mitchell's flat rate manual. Maximum allowance for labor reimbursement will be set at \$300.00.

GENERAL LIMITATIONS

is not responsible for any of the following: Downtime, loss of use, towing, car or truck rentals, or incidental damages.

This warranty is non-transferable

Limited warranty covers defective materials and workmanship furnished by and is not an unconditional guarantee against all hazards of failures.

All repairs must have prior authorization

makes no other warranties, expressed or implied, and shall not be liable for damages other than those required by law. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

EXCLUSIONS FROM COVERAGE

Failures due to improper installation *
Failures due to installation by unqualified personnel *
Failures due to components not furnished with engine
Failures due to detonation or pre-ignition
Failures due to maintenance neglect, abuse, or abnormal operation
Failures due to operating the engine without sufficient oil pressure
Failures due to inadequate cooling system
Failures due to foreign particles in the oil
Failures of crankshaft thrust surface
Engine noises which have not lead to failure of the engine and which United feels will not lead to premature failure of the engine
Oil consumption unless greater than OEM's specifications

* Disregard these exclusions if engine was installed by United

WARRANTY CLAIM PROCEDURE

- (1) Call for authorization of repairs
- (2) Communicate nature of problem, give date of installation along with mileage and original invoice number
- (3) Return warranted parts for inspection
