Removed all shields and blew the machine off
Ran combine
Performed a complete inspection
Made a list of needed repairs
Estimated the repairs & went over them with Melvin
Melvin decided which repairs to make
Note Melvin supplied some of the parts

Removed both front tires
Disconnected all lines and linkages from feeder house
Removed feeder house
Removed both top sheets from feeder house
Removed feeder house chain
Removed false floor and all of the bottom sheets
Removed RH feeder house side sheet
Installed new side sheet
Put on new floor panels
Cut the old wear strips off of the false floor
Welded on new strips
Installed false floor on feeder house
