Cat

FT18611 DP100 ser. 3DP0030

→ says 220 on unit means lift cap 22,000 lbs.
Large - outside staging area.

Engine very tired, tranny has shifting issues-control valve not available, steering cylinder from
FT97001-leaks, might not be hooked up, air compressor shot-hard to get air pressure to build up. Might
not have lights, moved to another unit. 31191 hrs. as of 8/17
