Labor - Jesse Labor - Randal Environ. Charge	3 15	boots leaking Replaced by While work cleaner. Customer over pass, covered the several time Performed test ECM #5 did no	picked up the truck a Brought to shop & the filter base. Drove mes. Had no bubbles d injector test & all picked to make as much different base but make as much different base.	Found radiator support branch rods. noticed 90% plugged. Blew and said it would die. Drove checked fuel pressure & bub truck and would die. Check going into pump but fuel relassed. Test drove & still wo	truck & would not make to obles in fuel. Bubbles ced electrical system. Drove turn was very bad. uld die but started up. Tried test again & passed. Noticed and compression getting into
