DATE		DESCRIPTION	QTY	RATE	AMOUNT
05/05/2025	Hours	2022 Peterbilt 389 semi truck Vin: 1XPXP4EX0ND787960 Unit was in-operational Checked out unit found one of the battery leads wasn't hooked up and the batteries had 2.1volts replaced all 4 batteries. Started the truck up and found it had 3 systems voltage low error. After letting the truck sit and run for a little bit and cycling the key the codes went in active. Drove unit around yard. There were no check engine lights.	2	125.00	250.00

BALANCE DUE \$250.00
